

Mon 14th - Sat 19th Sept, **free event**

Facing Out: Facing In

Step inside a giant camera with Brendan Barry and find out more about how a photograph is made.

You will also have your portrait taken by local photographer Brendan Barry, captured using traditional analogue photographic techniques, and you will receive a digital version of the print made.

The photographs taken will then be displayed in the windows of the Centre as part of Our Big Project, celebrating the culture and heritage of St David's.

Book your place by calling **01392 420549** or emailing **ourbigproject@eccentre.org**
