Our Big Project

Providing the space for
our community to thrive

Volunteer Appeal

Exeter Community Centre Trust and St David's Neighbourhood Partnership, the community associations for our area, have been awarded money from the National Lottery Heritage Fund and others to involve the community in researching the history of the Centre (a former School for the Blind in Victorian times) and of the St David's neighbourhood area. The results of the research will form the basis of an exhibition and a permanent archive that will be available in the Centre to local people and online to visitors to the area.

We have settled on the 4 Themes of:

- 1. The Building and St David's - its history and heritage**
- 2. Plants, Parks and Pleasure Grounds**
- 3. Death, Epidemics and Disease**
- 4. The Changing Face of Charity**

Volunteer researchers of all abilities are welcome, you can spend as little or as much time as you are able on the research - Volunteers will be supported in their research by the Community Centre, students from University of Exeter and also a team of historical experts led by renowned authority on the history of Exeter, Dr Todd Gray..

If you're interested, want more info and a volunteer form contact us on **01392 420549**, email **ourbigproject@eccentre.org** or use social media
